

Hello,

Thank you for purchasing a Charitable Disclosure Subscription from Labyrinth.

This tool makes it easy to include important state-specific charitable disclosure statements on your website. By embedding the disclosures into your site, the state requirements, organization registration status, and contact information are all handled automatically by Labyrinth, so you can sit back and relax while we manage the disclosures on your behalf.

The setup for Dynamic Disclosures is simple; all you have to do is add the code we provide to your website. [Here is the link](#) that will show you how to get started.

Dynamic Disclosures will help you stay on top of all the changes to state charitable disclosure requirements, and we look forward to assisting you in utilizing this powerful tool to its fullest extent. Our Compliance team is working to get your organization licensed. Once your applications are approved by the state, we will add the license number(s) to License Manager.

If you have any questions, please let me know.

Best,
